

# Mountain Bike Information

## Glengarry Intake 1, 2026

Bike Synergy has been the preferred bike supplier for The Scots College for over 25 years.

Bike Synergy offers high-quality bike and equipment from industry leading bike brand Merida – one of the largest and most respected bike manufacturers.

Each recommended model has been carefully selected to meet the needs of the Glengarry program. This offers outstanding value for money and convenience with our Scots-discounted pricing and servicing packages.

Bike Synergy Company Director, Mr Saul Britton, is a highly experienced bicycle repair technician who visits Glengarry twice weekly to service and maintain bikes onsite. Mr Britton is a senior mountain bike instructor who has instructed The Scots College Glengarry Mountain Bike program for over two decades.

Visit the Bike Synergy website to view bike suggestions and size guides, and order online using our secure, streamlined bike buying process at [www.bikesynergy.com](http://www.bikesynergy.com). Place your order by Friday, 31 October 2025 to receive free delivery to The Scots College Bellevue Hill – a saving of \$99.

## Bike Size Guide

## Frequently Asked Questions

### Question 1: What are the differences between 'dual suspension' and 'hardtail' bikes?

Dual suspension bikes (option 1) have suspension on the front and the rear of the bike.

Dual suspension bikes offer enhanced comfort and performance on rough trails and are the most popular and appropriate bike for Glengarry.

Hardtail bikes (option 2) have suspension at the front only, with a rigid rear end.

### Question 2: How can I have a bike serviced or repaired at Glengarry?

Mr Saul Britton, our fully qualified bike mechanic, visits Glengarry twice weekly to maintain all bikes at Glengarry. This service is included in the Unlimited Servicing Package available from Bike Synergy.

For bikes without the servicing package normal individual charges apply.

If a bike requires repairs or servicing this can generally be done on campus, usually on the same day.

### Question 3: Can we have the bike delivered in time for the school holidays?

This is a suggested option as it allows your son to become accustomed to the bike and build fitness during the holidays. This also provides sizing confirmation of the bike and accessories prior to travelling to Glengarry.

The bike will be delivered to The Scots College, fully assembled and ready to ride.

We anticipate the majority of bikes will be delivered by early-December.

- Order online before 1 November to receive free delivery to The Scots College – a saving of \$99.
- Orders placed after 1 November will be delivered to Glengarry on the first day of the new term.

**Question 4: How are the bikes transported from Sydney to Glengarry?**

The Scots College provides transport of all bikes and bags to Glengarry on the first day of term.

**Question 5: Why doesn't the bike have a side stand?**

For safety reasons side stands are not suited to bikes intended to be ridden on the rugged terrain found at Glengarry. It is best to either lean the bike against a wall while not in use or install a hanging hook in your garage.

**Question 6: With so many identical bikes at Glengarry how will my son know which bike is his?**

Every bike purchased through us is supplied with a name label sticker to ensure easy identification of each bike.

**Question 7: I need help with ordering a bike. Who can I contact?**

You can email [info@bikesynergy.com](mailto:info@bikesynergy.com) or call Bike Synergy Company Director, Mr Saul Britton on 0408 464 525.
